

Canada's Great Problem Is Populating Northern Reaches Of This Continent

Toronto.—"There are a great many people who speak of an Anglo-Saxon race, which does not exist and never did exist," declared Hon. J. G. Gardiner, Premier of Saskatchewan, in the course of a speech at the Canadian Engineers Club, yesterday, luncheon here. The subject of the speaker's address was "Building a Nation in the Northern and Central North American Continents." After tracing the history of the British power for a long historical period of time, Mr. Gardiner said:

"There is not a Welshman, or a Devonshireman, or a Highland Scotchman with one drop of Saxon blood in his veins."

Mr. Gardiner said that the problems confronting Canada were in no essential respect different from those through which the United States had passed, and were, after all, merely a repetition of the experiences of the rest of the great nations.

He predicted a population of 23,000,000 to the Dominion by 1950.

Saskatchewan, said the speaker, was the most cosmopolitan in point of population of any province in Canada.

"I sometimes think we are endeavoring to build a nation backwards," said Mr. Gardiner.

Consideration of Canada's problems was followed by a discussion of territorial encroachments not only of so-called Anglo-Saxons, but of other selected immigration groups, and the development of the vast resources in the territories, and the need of a great and rapid increase of the southern part of the Dominion's Day, particularly by building of additional channels of transportation, were urged and discussed by the Western speakers.

"There are many ways in which our country can be carried to the heights of wealth and power," said the speaker. "We in the West are known as an energetic people, and we are anxious to have a place in the world of fact. But we do not feel that our future should be exaggerated to the exclusion of industry or any other national development."

A Grain Arinada

Over 100 Ships To Carry Wheat From Vancouver

Vancouver.—More than 100 ships have been chartered to carry 20,000,000 bushels of wheat from Vancouver to the United Kingdom and the Continent during November, December and January, according to a speech today, in which he announced at the Vancouver Merchants' Exchange, that the great fleet will be ready for vessels loading here with grain during December, lifting approximately 10,000,000 bushels.

To day very little space has been taken by Oriental shipments which are, at present, only small parcel lots. During December and January, however, it is expected that Japanese requirements will begin to move in volume.

Carolist Movement Grows

Severe Censorship Has Been Enforced in Romania

Vienna.—Reports from Belgrade say a severe censorship has been established at Bucharest on all news. Telephones and wireless communication between Bucharest and Bucharest has been cut off and only official telegrams are arriving at Belgrade from the Romanian capital.

The Carolist movement, however, is known to be growing a most serious character, and, although in conflict with the Government, is destined to be increasing. Many of the Carol supporters have been arrested.

Another despatch says: "Violence has broken out in Bucharest."

No Unemployment in Quebec

Quebec.—There is practically no unemployment in the province of Quebec, according to Louis Gupton, deputy minister of labor. "Never before has the previous record been equaled," said the minister. In the district of Montreal conditions are very good and according to the report of the provincial employment bureau there, hundreds of men are finding work each week."

Inquires About Pension Plan

Yukon Taking Up Question With Minister of Labor

The Yukon government has called a meeting for the Yukon, to be held in Ottawa, to take up with the Minister of Labor, Hon. Peter B. Neenan, the question of applying the old age pension legislation to the Yukon.

Considering the state of the gold commission, Mr. Neenan declared that, in conference with the promoters of the plan, he had been encouraged to believe that government would go to a referendum (as had been proposed by Premier Herzog) all unpreserved observers have been greatly damaged would have been done to the relations between the two world powers, "South Africa," the Telehars says.

The Daily News appreciates the fact that there were great losses between the two great powers, "South Africa," the Telehars says.

The News admits, however, that men have fought and died for less substantial issues.

Great Issues Behind Flag Controversy

But Question Settled By Common Sense of Common Press

London.—"Common sense" is a term used in practically every English newspaper editorial in the discussion of the settlement of the flag controversy in South Africa.

"Common sense has won the day," declared the Daily Telegraph, which describes the result "as a complete settlement, honorable to both sides" to the flag question, and going to a referendum (as had been proposed by Premier Herzog) all unpreserved observers have been greatly damaged would have been done to the relations between the two world powers, "South Africa," the Telehars says.

The Daily News appreciates the fact that there were great losses between the two great powers, "South Africa," the Telehars says.

The News admits, however, that men have fought and died for less substantial issues.

Immigration Service Chief

Proposed Flight Of Dirigible Abandoned

Visit of Log Angeles to Canada Has Been Cancelled

Washington.—Lack of an adequate and convenient landing place at Ottawa caused the navy department to abandon the proposed flight of the dirigible Los Angeles to Canada.

The dirigible, carrying Sir Philip Sassoon, British under-secretary of state, and Capt. S. G. S. Sverdrup, War minister of the Navy, Davis of the War Department and McCracken of the Commerce Department, was to have had a round trip across the international boundary for the first time since 1919. Sir Philip had an opportunity to inspect and observe the ship. He probably will be taken instead on a local flight from Lakehurst, N.J.

A crew of between 200 and 500 men were to have been sent to Los Angeles to repair and to land the Los Angeles.

The airmen would have been available at Ottawa during the time when the Los Angeles would have arrived, the navy said in calling off the flight.

Predicts Race Around World

British and German Dirigible Competition Sets New York Writer

New York.—The New York Evening Post says a race around the world between the German and British dirigibles looms as the high point of interest in "next summer's serial drama."

The paper quotes Howard Mingo, a writer interested in aviation, saying that two airships are under construction in Germany and Britain, each with a capacity to be used on a mail and passenger service between England, Egypt and India. Mingo said the Zeppelin Company in Germany is building its 12th ship which is to have a gas capacity of 3,000,000 cubic feet.

"I have just received word that the British and Germans will probably ready their new ships on a flight around the world in the early fall. Both should be completed early next summer. The world flight should require between 12 and 14 days, with, say, two stops for fuel en route."

"I am afraid," continued the Prime Minister, "that the Government of the province of Quebec might not appreciate our proposal to tell it what should do."

This did not mean that the Dominion Government, he said, as not sympathetic to the request of the delegation; but it must be borne in mind that Canada is a member of the Commonwealth.

"At present a provisional treaty only, for the regulation of trade relations, is in effect. This provisional arrangement, signed 'before' our independence, will expire next spring."

Under the terms of the provisional treaty now in force Canada extends to the dominion of Czechoslovakia the same rights and immunities as it grants to other powers.

At present a provisional arrangement, signed 'before' our independence, will expire next spring.

They're not alike -
and yet they are

When every note of the music you hear is what the distant artist intended you to hear—that's tone. When you select or change programs at will by touching just one dial—that's simplicity. When your radio always does just what you wish it to do—that's reliability. When you are glad to have your guests not as well as them—that's beauty. When you avoid high prices and at the same time enjoy radio to the utmost—that's economy.

The instruments composing the family of Atwater-Kent Radios differ in special abilities. They are alike in simplicity, reliability, beauty and economy—for these are fundamental.

Better the Man with
His Eye to the Sky
than the Man with
His Ear to the Ground

ALL through its long, successful history, General Motors of Canada has had its eye to the horizon . . . listening not for what followed, but looking always toward the thing ahead. And General Motors has seen many of its visions realized . . .

It has seen a great industry grow up in Canada to supply the Canadian family with a means of transportation to meet its needs and resources, to answer the desire for style, dependability, luxury. It has seen, in the Canadian Fisher Body plants, the perpetuation of Canadian ideals of craftsmanship. It has seen, in the General Motors Research laboratories, the development of countless advances and refinements on which much of modern motoring comfort depends.

It has seen, on the General Motors Proving Grounds, the proof of principles which are now accepted factors in automobile design and construction.

It has seen the triumph of co-operative purchasing and manufacturing methods with their resultant economies to be shared with the buyers of General Motors cars.

And the eyes of General Motors are still to the horizon . . . still seeking new ways to improve General Motors cars and to place the cars within reach of ever-widening circles of Canadian buyers.

CHAS. G. WILSON
Box 277, Bassano

3-17-8

Mr. and Mrs. F. P. C. Farley were down from Husar on business last Saturday.

Mr. J. Hoagland, the Parcherian horsetrader, was in Bassano Thursday on business.

Dr. B. E. Barlow and H. T. Johnston went to Brooks Wednesday to witness the boxing bouts.

Mr. Bond, L.L.B., barrister, of Gleichen, was in Brooks Wednesday in connection with court business.

Harvey Smith and Son, Wright made a business trip to Husar on Monday.

Mr. Sambrook unloaded a carload of new crystal clock models this week.

Mrs. Jas. Johnson made a business trip to Calgary on Saturday, returning home Sunday evening.

Mrs. Patterson, of Lomond, is staying at the home of Mrs. Ingobrigs this week.

H. W. Harris and son Joe were from Makaypene on Thursday. They have been threshing their crop and got a good average.

Rev. and Mrs. A. O. Thomson were in Red Deer last week where Mr. Thomson attended the Presbyterian synod.

E. J. Bell was down from Husar Tuesday evening attending the meeting of Bassano Lodge A. F. & A. M.

A. M. Anderson, of Countess, was in Bassano Tuesday night attending the meeting of Bassano Masonic Lodge.

A. Griffin, of Brooks, superintendent of the C. P. R. eastern irrigation block, was in town on business last Tuesday.

A meeting of the Bassano Curling Club will be held in the rink next Wednesday evening, Nov. 9th, at 8:30. All curlers are requested to be there.

Mr. and Mrs. J. H. Brower were in from Crowfoot on Thursday. They have just finished threshing their wheat, yielding more than 40 bushels to the acre.

District Deputy Grand Master G. M. Blackstock, of Medicine Hat, paid an official visit to the Bassano Lodge A. F. & A. M. last Tuesday evening.

Mr. D. Millard stopped off in Bassano for a few hours last Saturday on his way to the Banff Fair. Mr. Millard now makes a regular weekly business trip to Banff.

Manager W. A. Brodie, of the Bassano Creamery, recently local creammen are bringing their cream to the Bassano creamery. He gets a large quantity of cream from outside points.

Mr. Grayson came in on Wednesday from Arrowswood where he was engaged in the construction of a house. Mr. and Mrs. Grayson leave on Tuesday to reside in Calgary. Mr. Grayson will be joined by his wife for a week before joining Mr. Grayson in Calgary.

Mr. and Mrs. L. F. Fryer, owners of "The Colony" at Coalville, Charles, Montana, were in town last Saturday renewing old acquaintances.

A prairie fire started just south of town during the high wind on Saturday afternoon. It was out in less than five minutes, but was soon under control.

BIRTHS

The following births are recorded at the Bassano Hospital:

A daughter to Mr. and Mrs. M. Herman, of Milo, on Tuesday, Oct. 22nd.

A son to Mr. and Mrs. H. Forester, of Lethbridge on Monday, October 21st.

A daughter to Mr. and Mrs. K. Scherer of Tudor, on Saturday, October 26th.

A son to Mr. and Mrs. A. Freeman, of Lethbridge, on Wednesday, Nov. 2nd.

"Did you present your account to the defendant?" inquired a lawyer of his client.

"And what did he do?"

"He told me to go to the devil."

"And what did you do then?"

"Why, I came to you."

o'clock.

Mr. and Mrs. F. P. C. Farley were

down from Husar on business last

Saturday.

W. J. Hoagland, the Parcherian

horsetrader, was in Bassano

Thursday on business.

Dr. B. E. Barlow and H. T. John-

ston went to Brooks Wednesday to

witness the boxing bouts.

Mr. Bond, L.L.B., barrister, of

Gleichen, was in Brooks Wednesday

in connection with court business.

Harvey Smith and Son, Wright

made a business trip to Husar on

Monday.

W. E. Sambrook unloaded a car-

load of new crystal clock models

this week.

Mrs. Jas. Johnson made a business

trip to Calgary on Saturday, return-

ing home Sunday evening.

Mrs. Patterson, of Lomond, is stay-

ing at the home of Mrs. Ingobrigs

this week.

H. W. Harris and son Joe were

from Makaypene on Thursday. They

have been threshing their crop

and got a good average.

Rev. and Mrs. A. O. Thomson were

in Red Deer last week where Mr.

Thomson attended the Presbyterian

synod.

E. J. Bell was down from Husar

Tuesday evening attending the

meeting of Bassano Lodge A. F. &

A. M.

A. M. Anderson, of Countess, was

in Bassano Tuesday night attending

the meeting of Bassano Masonic

Lodge.

A. Griffin, of Brooks, superinten-

dent of the C. P. R. eastern irriga-

tion block, was in town on busi-

ness last Tuesday.

A meeting of the Bassano Curling

Club will be held in the rink next

Wednesday evening, Nov. 9th, at

8:30. All curlers are requested to

be there.

Mr. and Mrs. J. H. Brower were

in from Crowfoot on Thursday.

They have just finished threshing

their wheat, yielding more than 40

bushels to the acre.

District Deputy Grand Master G.

M. Blackstock, of Medicine Hat,

paid an official visit to the Bassano

Lodge A. F. & A. M. last Tuesday

evening.

Mr. D. Millard stopped off in Bas-

sano for a few hours last Saturday

on his way to the Banff Fair.

Mr. Millard now makes a

regular weekly business trip to

Medicine Hat.

Manager W. A. Brodie, of the Bas-

sano Creamery, recently local cream-

men are bringing their cream to the

Bassano creamery. He gets a large

quantity of cream from outside

points.

Mr. Grayson came in on Wednes-

day from Arrowswood where he was

engaged in the construction of a

house.

Mr. Millard now makes a

regular weekly business trip to

Medicine Hat.

Mr. and Mrs. L. F. Fryer,

owners of "The Colony" at Coal-

ville, Charles, Montana, were in town

last Saturday renewing old acquaintances.

A prairie fire started just south

of town during the high wind on Sat-

urday afternoon. It was soon under

control.

BIRTHS

The following births are recorded

at the Bassano Hospital:

A daughter to Mr. and Mrs. M.

Herman, of Milo, on Tuesday, Oct.

22nd.

A son to Mr. and Mrs. H. Forester,

of Lethbridge on Monday, October 21st.

A daughter to Mr. and Mrs. K.

Scherer of Tudor, on Saturday,

October 26th.

A son to Mr. and Mrs. A. Freeman,

of Lethbridge, on Wednesday, Nov. 2nd.

"Did you present your account to

the defendant?" inquired a lawyer

of his client.

"And what did he do?"

"He told me to go to the devil."

"And what did you do then?"

"Why, I came to you."

Notice

TENDERS FOR SCHOOL HOUSE

Scal'd land will be received by

the Board of Trade of Sunny

Bank School, Bassano, Alberta,

up to noon Monday, November 14th,

1927, for the erection of a

frame school building after Plan

Number 63-05-07.

Ho—“I had a wonderful time at your party last night.”

Ho—“Why, I had no party last night.”

Ho—“That so? Well, I believe me,

I was at somebody's party.”

Husband (after quarrel) —“Good

man, I'm going to the ends of the

earth.”

Ho—“All right. And while you

are there you might get the evening

paper and some canned salmon for supper.”

WARNING TO USERS OF RADIO

All Radio Receiving Sets

MUST be Licensed

Penalty on summary conviction is a fine not exceeding \$50.00

Licence Fee \$1.00 per annum

Licenses, valid to 31 March, 1928, may be obtained from:

Radio Branch, Department of Marine and Fisheries, Ottawa.

A. JOHNSTON, Deputy Minister of Marine and Fisheries

Tune in on a Westinghouse for Sport

The roar of the bleachers, grandstand, cheerleader, players—a

piercing galaxy of sound quelling every idle thought—thrilling every nerve with intense excitement.

You'll get this pandemonium—loud, clear and distinguishable on a Westinghouse.

You'll listen to the crowds, the teams, jams, touchdowns, just as the microphone hears it in the field.

You'll get the full thrill—every sound—every word the announcer speaks, just as if you were there watching the "big boys" play.

A Westinghouse Model 57 in your own home—that's how to be convinced.

HORN

OR

N

WORLD HAPPENINGS
BRIEFLY TOLD

A company capitalized at \$5,000,000, to produce British films, is being developed in Great Britain.

During the last winter over 600 families of immigrants who two years ago left their farms in Western Canada to take up land in Paraguay, will return to the West.

The life of two men who, for 60 years, had been inseparable friends, was fully realized when they died with an hour of each other in Sydney, one at the age of 95 and the other at the age of 85.

The Farmers' Servants' Union and the Farmers' Union of Mid and West Lanark, Scotland, have just agreed to reduce the weekly rents of servants from \$5.00 to \$7.50 a week for men, and from \$6.25 to \$10 for women.

Ten "Moth" aeroplanes have been ordered from the Do Haviland Corporation of England at a cost of \$5,000 to the Canadian Government, and are to be manufactured from the department of national defence. The light aeroplanes will be used for the encouragement of Ottawa flying clubs.

The steamer Larch, which went to Hudson Straits with the government to conduct a scientific survey and to remove the remains of a whaler, has returned to Halifax, bringing the crew of workmen who had the task of erecting three masts and exploration houses.

The St. Louis Post Dispatch says a movement is on foot to make the first order of bonds for the construction of a congressional medal for valor to Col. Charles A. Lindbergh for his Paris flight and to provide him with pay of \$4,000 a year for life as a retired army officer.

Starved His Prisoners

Director Of Romanian Jail Said Their Food To Outiders

Charged with systematically starving the prisoners under his care in order that he might sell meat intended for the soldiers to outsiders, Gheorghe Stoenescu, director of the Central Prison in Bucharest, has been arrested. With the connivance of the principal warden of the prison, Stoenescu is said to have sold meat to outsiders, under the pretense that the inmates did not eat the inmates' rations of bread and meat which he disposed of to restaurants, hotels and supply houses through a middleman. Stoenescu's predecessor had previously been convicted of the same practice. The Starvation has caused an enormous sensation in Bucharest, Romania, and the public demands that Stoenescu be forced to share the fate of his victims.

Diarrhea
Summer Complaint
HE ALWAYS USES

Mr. T. F. McGregor, McLean, Alta., writes: "Over forty years ago my mother used to give me Dr. Fowler's Extract of Wild Strawberry to cure my summer complaints. All through the years since then when troubled with an intestinal complaint I have been accustomed to take a few doses of this extract. I take it daily and it always seems to have the desired effect, no matter what the cause."

Dont Accept A Substitute

The extract of wild strawberry has been on the market for the past 20 years, put on the market by the 17 Millions Co., Limited.

No Tampering With Exhibits

Management Of Chicago International
Grain and Hay Show Take
Preventive Measures

Folding suggestions sent to them from various parts of the continent, the management of the Chicago International Grain and Hay Show have put into force a plan whereby any tampering with grain exhibits at the 1927 show will be practically impossible.

In a statement from the Saskatchewan Department of Agriculture it is noted that in this regard the management by the Canadian Crops Commissioner, have been followed out practically in their entirety.

Each state or province will send a duly credited representative according to the plan which has been put into operation, who will be responsible for entries from his section of the continent. The corn racks will be more tightly fitted this year, while bins will be provided for the grain.

The exhibits will be taken from their separate containers by the representative in charge of them when judging is being conducted.

Northern Manitoba Gold

American Manufacturer Is Impressed With Possibilities
Of The North

Northern Manitoba and the district which extends into it from Ontario promises to be one of the greatest gold fields in the world, says C. E. Hermann, mining engineer, St. Louis, Missouri, stated on a visit to Winnipeg recently. Mr. Hermann spent a month investigating the Herk area.

He makes a great future, the engineer thought, adding that the area across Canada's northern stretches would probably take the place of the Rand when that great African field was worked out. He had never seen gold so widely spread over a large area.

Too much money, he declared, had been spent on promotion and not enough in actually developing the ground. He strongly advocated the pick and shovel method of developing a mine.

If the people who like to speculate in mining would spend some money developing instead of buying properties, often sold at unscrupulous premiums, they would come out better in the long run," he said.

The Canadian government

is making a great effort, the engineer thought, adding that the area across Canada's northern stretches would probably take the place of the Rand when that great African field was worked out. He had never seen gold so widely spread over a large area.

Too much money, he declared, had been spent on promotion and not enough in actually developing the ground. He strongly advocated the pick and shovel method of developing a mine.

If the people who like to speculate in mining would spend some money developing instead of buying properties, often sold at unscrupulous premiums, they would come out better in the long run," he said.

Discover Ancient Tree

Cedar Stump In British Columbia Is
Centuries Old

Through the co-operation of Mr. C. P. Riel, of the Canadian Copper, Lead Company, Limited, Prince Rupert, B.C., and the Dominion Archaeologist of the National Museum of Canada the ancient red cedar stump which stood on top of a high rocky ridge at Bear Point, near Seal Cove, in the northern end of Prince Rupert, British Columbia, was in October of this year, cut across so that the rings of annual growth could be counted. A photograph shows the stump which included the heart of the tree or the closely crowded outer rings. A more complete count is yet to be made and an effort will be attempted to find a more complete stump in the same place where the great number of rings known to exist may actually be seen, and counted. The Indian deposit is now known to certainly be over 325 years old, and, to have reached its present height must have been growing for a period older since the first and last rings of growth were too rotten to count on the section examined. Then, too, the stump has taken time to form before the tree began to grow. How long the stump will be known; probably nearly twenty years, and this must be added to arrive at the age of the tree.

The co-operation of the Lumber Company gives the archaeologist the opportunity for real exploration by excavation that he has had since 1914. It is thirteen years since he has had funds sufficient for profitable excavation.

Article Invented By Women

Hundreds Nowdays Are Patenting Simple Commonsense Notions

Paper bags were both invented by women, and the first to be granted a patent in the United States, citizens who fought and died with Canada's expeditionary force in the world war. This twenty-ton cross will be unveiled this month.

Cross Of Sacrifice

This Canadian cross of sacrifice will be erected in Vimy Ridge in France in memory of the citizens who fought and died with Canada's expeditionary force in the world war. This twenty-ton cross will be unveiled this month.

THE "GARRY" KITCHEN RANGE

A high grade steel range, burning either
coal or wood

The 'Garry' is one of the most
dependable kitchen ranges that
have been created by the McTary Co.
It embodies the good features of
the higher priced ranges, and is sold
at a moderate price. The 'Garry'
will give wonderful baking and
cooking results, and will be econ-
omical of fuel.

Bassano and Hussar

Coleman Quick Lite Lamps and Lanterns

Coleman Quick-Lite Lamps
and Lanterns give a bright
and steady light; safe and
economical. They are a
great comfort and convenience on the farm in the
long winter nights.

The gasoline lamp will be
found particularly useful for
reading, sewing, or doing
other work at night.

SUCCESSFUL GARDENING

EDMONTON—Alberta is an ideal
providence for the growing of all varieties
of vegetables and small fruits,
particularly the central and northern
varieties. I am a native of a southern
Indiana truck gardener, G. E.
Rosenblatt, who came to Alberta
early last spring and settled down
to truck gardening there, where he
grew a variety of vegetables, and
watermelons quite as large, as well
as vegetables, fruits, roots, seeds,
and corn.

ALBERTA JUDGE AT INTERNATIONAL FOX SHOW

Olaf E. Larson, of Bismarck, Alta.
and R. G. Gordon, of Victoria, B. C.,
placed the awards at the International
Fox Show, which was held during
the past week at Victoria. This event,
which was held in the Victoria
and Silver Fox Breeders Association,
attracted entries of all animals
and fowl from most of the sections of
the United States and the United States.

KEEP THE PIANO TUNED

Here is some valuable advice on
the tuning of your piano.

Whether you do or do not, see
that your piano is tuned at least
once each year.

Regular tuning is to offset
the influence of climate and
thermometric conditions, variations
in humidity, in the temperature
of the atmosphere, which occur
during the course of each year, may
cause the piano to go out of tune.

Any change in the piano
can make up for the
want of skilled and regular tuning.
This is never true. Any statement to
the contrary is completely untrue.
A piano that is well tuned requires
tuning would not be a piano, what-
ever it might be.

The second shipment of horses
from Canada to Russia was a re-
cord shipment, according to Louis
Couture, of the Canadian Cavalry
being only one horse that died during
the passage. The next ship-
ment is to be to Russia in November,
and will bring the total number up to 3,000.

G. N. Torgren, ex-M.P. for Sweden,
recently left for the Peace River
Country, where he has secured
farm land for the establishing of a
large colony of Swedish farmers,
who will be engaged in raising
cattle and undertaking farming on an
extensive scale. He has already canvassed
the United States and the Western States,
which he finds lucrative.

The new Canadian Pacific Railway
elevator at Midland has begun to
receive grain, and shortly all the
grain elevators in the country and
all departments of the plant in
operation. The opening of this ele-
vator marks the completion of the
Canadian Pacific enterprise to another
port on the Great Lakes and a new
field is opened for the Canadian
portion of the Canadian export grain
trade for Canadian ports.

The largest party of major league
baseball stars to start the world
for a two weeks stay after the
World Series, the players entered
at Clinton on the Canadian Pacific
main line and included Benny
Bengough, Mark Koenig, Eddie
Foy, Bill McKechnie, Fred
Hoffman. A number of newspaper
writers and cameramen were
included in the party.

The two new Canadian Pacific pas-
senger ships, "Duchess of Atholl"
and "Duchess of Bedford," now be-
ing built for the St. Lawrence route
(Montreal-Montreal) will be
one of the finest vessels afloat, acc-
ording to plans and specifications.
Their tonnage will register
20,000. They will be twin screw
with gear transmission, will have a
length of 506 feet, a breadth of 75 feet and a speed of
17½ knots. The "Atholl" will accom-
modate 572 cabin, 480 tourist class
and 568 third class passengers.

The initial consignment this year
of Canadian apples for Great
Britain has gone forward, the Canadian
Pacific liner "Montrose" from
Vancouver, B. C., will be loaded
at the Fruit Branch of the Dominion
Department of Agriculture from
the following varieties: 1,000 cases
of forty standard boxes containing
about 4,000 apples to be put on ex-
hibition at the Royal Horticultural
Society's show at Manchester
this month. Varieties include
Golden Delicious, Yellow Delicious,
Greenings, Stark, Talmans Sweet,
Wolf River, Cran, Pippin and Bax-
ters. The remaining 1,000 cases
are to be put on exhibition at
the Royal Horticultural Society's
show at the Crystal Palace in
London.

Each parcel of apples will be offered
for sale subject to a reserve bid, and
subject to the reservations contained
in the shipping certificates of title to
land.

Terms of sale, cash, unless other-
wise agreed, and delivery will be
effected by payment of arrears of
tolls at any time prior to sale.

David C. Torgerson, of Torgerson,
19th day of September, 1927.
